

Robert J. Spitzer, S.J.

# Creation and the New Cosmology

Wednesday, March 28 7:30 PM

OEC Auditorium

University of St. Thomas

2115 Summit Ave., St. Paul, MN

Fr. Spitzer is the former president of Gonzaga University. He is a philosopher of science who is a recognized leader in the current national discussion of science and religion. He will speak on the remarkable new developments in physics and mathematics that imply that the universe must have had a Superintellect bring it into existence.

Co sponsored by the Science and Theology Network and the University of St. Thomas departments of Theology, Catholic Studies, Philosophy, Physics, Engineering and Saint Paul School of Divinity
